

COLOP e-mark® create – Product Information

Short description:

The e-mark create is a mobile (battery-powered) printer to create and change own imprints and print them by an easy sideways movement. Operated through an App on a mobile device or stationary computer, almost unlimited designs, ready-to-use templates and special features are available.

Product features:

- Multicolour imprints (add logos and images to imprints)
- Print directly on paper, cardboard, wood, textiles and other absorbent surfaces
- Portable and mobile
- Free App for iOS, Android and Windows
- Wide range of ready-to-use imprints
- Design and print in seconds
- Modern and ergonomic design
